

14x Race Rules

1. **Parents or guardians are responsible for complying with all rules.**
2. **Only Genuine 14x Strider® Balance Bikes are permitted to race in the 14x Class race.**
3. 14x bike must be in balance bike mode only. No pedal kits are allowed.
4. All riders must have their own 14x bike. No sharing of bikes is allowed.
5. Parent or guardian must sign waiver and register rider before rider enters the track.
6. Parent or guardian must provide proof of age or be prepared to sign a legal affidavit certifying rider's age.
7. All riders may be assisted on the start hill/ramp only. Only one parent or guardian limit in the starting area.
8. Parent or guardian must not make any contact with bike or rider at the start of the race (no pushing).
9. Parents or guardians are not allowed on track during competition. Strider Official may allow an exception to this rule (after the gate drop) for a struggling child.
10. At a minimum, every rider will be allowed to run at least one practice lap and two races.
11. HEAT race selection and starting position will be determined by registration date and time or random lottery at Strider Official's discretion.
12. Age group determination is based on rider's age the day of the event. Allowed ages for the 14x class are 3, 4, 5 and 6 year olds. In the case of a multi-day event, age will be based on the first day of the event.
13. The 14x class will go through their entire race program starting with a rider's meeting and ending with an awards ceremony.
14. The finish line is reached when the front tire of the bike is ridden across the finish line. Refer to Image A
15. Parents or guardians are responsible to make sure that bike and rider meet the following safety rules:
 - Bike must be properly maintained and in good working order.
 - Bike must be properly fitted to the rider with final decision being made by the Strider Official.
 - Seat and handle bars must not extend beyond their minimum insertion lines.
 - All nuts and bolts must be tight.
 - All grips need to be in good condition with no sharp edges protruding.
16. Modifications of the bike frame or it's fork are not allowed:
 - Stock wheelbase required.
 - Use of stock wheel-mounting locations are required.
 - All axles must use a cap nut or have threads covered.
 - Axles must not extend more than 20mm (.78 inches) from the fork.
17. Front hand and/or rear hand brakes are allowed.

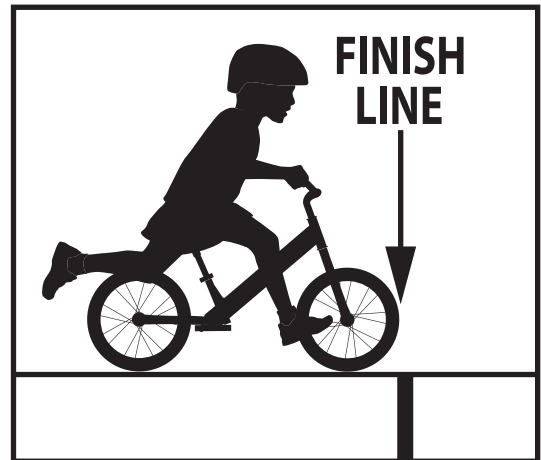

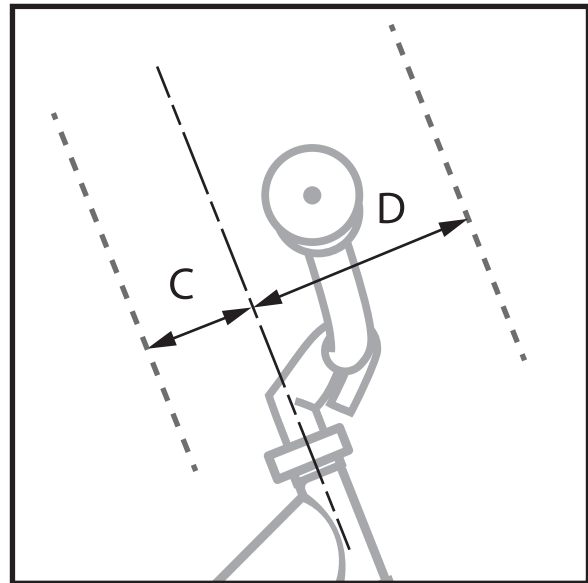

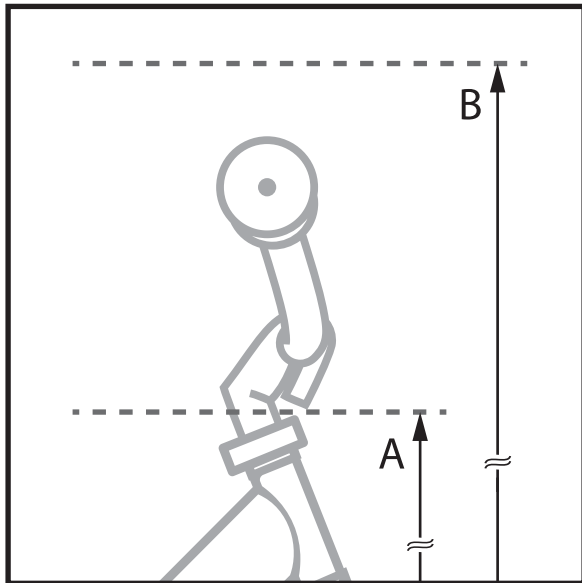

Image A

18. Aftermarket components such as wheels, seats, handlebars and handbrakes are acceptable but are subject to safety inspection and approval by a Strider Official. Handlebars must be within the following dimensions for the 14x Strider bikes:

- Height from ground (from the center of the handlebar's end):
 - A = 52cm (20.47 in.) minimum
 - B = 80cm (31.49 in.) maximum
- Maximum extension from headtube centerline to the center of the handlebar's end
 - C = 8cm (3.14 in.) rearward
 - D = 16cm (6.29 in.) forward

- Overall width from handlebar end to handlebar end:
 - 41cm (16.14 in.) minimum
 - 46cm (18.11 in.) maximum

19. All riders must wear a helmet at all times while riding. The helmet must display that it meets CPSC, DOT, SG, CE, EN, or similar safety standards.

20. Shoes must provide full toe coverage and be securely attached. No slip-on shoes or sandals are allowed. Only rubber soled shoes are allowed. No cleated or spiked shoes are allowed.

21. Parents or Guardians: Your child's health, comfort, and safety are your responsibility.

- Please dress your child appropriately for the activity and weather conditions. We highly recommend long pants and long sleeves for skin protection.
- In order to prevent injuries from falling, we highly recommend your child wear elbow pads, knee pads, and gloves to protect joints and hands.
- Remember to keep your child nourished and hydrated throughout the event.

22. Any protest regarding race results must be done within thirty minutes of the finish of that related race. Official decisions will be made and conveyed within thirty minutes of the protest.
